Ashland County Forest Timber Sale
Tract No: 08-18 Sale No:
Sect. 28,29
T-44-N, R-2-W
Town of Morse

Cutting Specifications:

Shelterwood Harvest, 35 acres: Cut all hardwoods with one or more 100" pulp sticks. Do not cut any trees marked with purple paint. Do not cut any Oak, Hemlock, Cedar, Spruce or White Pine. **(Avoid operating in canopy gaps where advanced regeneration exists).**

Overstory removal, 5 acres: Cut all trees with 1 or more 100" pulp sticks. Do not cut any trees marked with purple paint. Do not cut any Oak, Hemlock, Cedar, Spruce or White Pine. **(Avoid operating in areas where advanced regeneration exists).**

Regeneration harvest, 6 acres: All spruce, pine, cedar, hemlock, and yellow birch shall remain uncut and undamaged. Cut all ash, red maple, and aspen trees containing one or more 100" pulp sticks and all balsam fir containing 2 or more 100" pulp sticks to 4" top.

Red Maple Coppice, 3 acres: Cut all trees greater than 1" in diameter. All Hemlock, Cedar, Pine, Spruce, and Oak shall remain uncut and undamaged.

Red Pine Thinning, 5 acres: Cut all Red Pine 2" and larger in DBH except trees marked with purple paint. Cut all merchantable Balsam Fir, Aspen, and Hardwoods that are within the plantation area. Hemlock, Cedar, White Pine and Oak shall remain uncut and undamaged.

- Utilize all felled trees to a 4" minimum top diameter for pulpwood and a 10" minimum top diameter for saw logs.
- Leave all dead standing trees uncut.

Cutting Restrictions:

- Cutting will be restricted to dry ground or frozen ground conditions only.
- Excessive rutting or excessive damage to residual trees shall result in the suspension of logging operations.
- The sale must be cut progressively.
- No new woods roads may be constructed without prior consent of the Ashland County Forest Administrator.
- Care must be taken not to damage survey monuments.
- Care must be taken to not excessively damage existing saplings, avoid operating equipment in existing canopy gaps.
