ASHLAND COUNTY, WI
ROAD CLOSURES
(UPDATED 10/3/2016)

STORM EVENT

On July 11th & 12th, Ashland County was hit with a major rainfall event. Rainfall varied across the County, but an area between Ashland and Mellen was particularly hard hit with a rainfall of 11 to 12 inches occurring during the overnight hours. This storm damaged and destroyed highways and roads in a broad swath with the Towns of Morse, Ashland, Marengo, White River and Sanborn and the communities of Odanah, Sanborn, Marengo, Highbridge and Mellen being hit the hardest.

ROAD DAMAGE & CLOSURES

Road closures and road damage is prevalent through the area. The public is being asked by Highway maintaining authorities to travel with extreme caution. Even the roads that are open have been damaged in most cases. Please respect Road Closed signs. There have been a number of accidents in Ashland County due to road conditions and one fatality. Road Closed means **Road Closed!** You are jeopardizing your own safety as well as your passengers by driving around barricades and road closure signs. Even though the flood event occurred several weeks ago many culvert crossings are still out with many open cuts still posing a hazard.

TRUCK ROUTES

There are **NO** heavy truck routes between Ashland and Mellen on STH 13. Please use the signed truck detour on STH 77 and USH 2.

STATE TRUNK HIGHWAY CLOSURES AND DETOURS

State Trunk Highway (STH) 13 from south CTH C to north CTH C in Minersville is closed. A light vehicle and car detour is open on CTH C from the south intersection with STH 13 to the STH 13 intersection in Minersville. The detour is weight posted (6 ton max per axle, 10 ton max tandem axle and 24 ton max gross weight). Exempt vehicles include school buses, septic haulers, heating fuel delivery trucks, public utility vehicles, charter type buses, RV and camping vehicles. Trucks need to use the signed detour on STH 77 and USH 2.

STH 169 is open to the Copper Falls State Park. It is open but under construction from Mellen to Gurney. There is no through road to USH 2. The signed detour on STH 77 and USH 2 should be used.

US Highway 2 and State Trunk Highways 77, 118, 137, and 112 are all open.

COUNTY TRUNK HIGHWAYS

All County Trunk Highways are open. The roadway will have several sections of gravel patches, which the public should show reasonable care driving through.
