Mick Brennan handed out the Sheriff's report for review. At present they have 52 inmates, 11 on monitor and 5 females boarded out. Discussion followed. Mick stated that they are having difficulty getting employees (new hires) in the Jail and in Dispatch and that we may need to look at some incentives to get employees.

Kathy Schutte stated that she received lots of complaints regarding the music concert this past weekend. Kathy would like to see something done about the noise – shut it down at midnight or some other specified time. Jeff Beirl stated that a noise ordinance needs to be started at the Town level otherwise if the County does one that it would affect the entire County which would include fairs, races, and weddings, graduations, etc. Discussion followed. The Committee would like Jeff to look and see what other counties are doing.

Terri Perry handed out the HHS report and discussed it with the Committee. Building issues are being addressed, they are working on a "home visit" policy for employees and have set-up an ad hoc committee for this.

Jeff Beirl held discussion regarding the capital projects and where each is at in this point in time. Jeff also stated that he received a letter from the Great Lakes Indian Fish & Wildlife Commission regarding garlic mustard and a landowner agreement form to agree to authorize access, monitoring and control of garlic mustard on some County owned property over the next five (5) years. Motion by Jerry Teague, second by Gary Kabasa to allow Jeff Beirl to move forward with this. Motion carried.
